"This department is incredible! The teachers are a good mix of sweet craziness and responsibility. My knowledge as increased a lot since I'm here. Also, you will make amazing connections with people from all around the world! I totally recommend this place if you're looking for improving yourself and your English."
Alisson Posligua

"I had no idea this choice would affect my whole life, especially my career. Thanks to the experienced and committed professors, I made great progress on speaking and writing skills within a semester and got a high score on TOEFL. I also got recommendation letters from my professors, which helped me to get accepted to UIC graduate school. One small choice I made many years ago has led me to who I am today, and it is one of the best things I have ever done in my life."-S. Kim MA Linguistics
